Trennwandsysteme

Stylish and elegant partitioning.

BEFORE WE  
EXPECT TRUST FROM  
OUR CUSTOMERS,  
WE PROVIDE EVIDENCE  
*that's us!*

## ENVIRONMENT & SUSTAINABILITY *that's us!*

Sustainable management and careful use of resources are a matter of course for us and part of our corporate philosophy. This basic idea is consistently integrated and lived in our work processes. We are proud to be the first certified manufacturer of partition systems and lockers in Germany to operate according to the FSC™ and PEFC guidelines.

### PEFC - registered

We pay attention to a sustainable supply chain in which our products are procured under ecological, economic and socially just aspects.

### FSC™ - certified

As the first certified manufacturer in the area of partition systems and lockers in Germany, we make an active contribution to the protection of our earth with this future-oriented procurement method. We supply almost our entire range from sustainable wood in accordance with the specifications of the FSC™.

PEFC/04-31-3143

On request  
the products are  
available with  
FSC™ certification

## TÜV NORD GS TESTED SAFETY *that's us!*

Tested and certified by TÜV NORD these products meet the requirements of the Product Safety Act ProdSG § 21  
Registration No. 44 329 14148806

## MADE IN GERMANY *that's us!*

Our products are manufactured for you at the company site in Horhausen, Rhineland-Palatinate. This is the only way we can guarantee the high quality standards we set for our products.

## PREQUALIFIED *that's us!*

We are registered in the list of prequalified construction companies with the number 010.049740, proving that we are qualified for the products and services we offer.

## INNOVATIVE & DESIGN-ORIENTED *that's us!*

With our design-oriented and innovative products, we convince not only our customers, but also national and international committees.

## Puristic elegance.

The Schäfer VITRUM GS wardrobe lockers with safety glass fronts are the design highlight in the changing area. The material glass in its infinite variety of colours and motifs focuses on elegance and high quality and allows interior design almost unlimited design possibilities. The material glass brings many advantages: a very efficient cleaning of the surfaces, high resistance to mechanical damage and a careful handling of the users due to the material type glass. A changing area equipped with VITRUM GS glass wardrobe cabinets looks very neat and exclusive even after many years of use. An investment that pays off!

(1)

### Interesting facts about type VITRUM GS

#### Cloakroom lockers made of enamelled safety glass

- Consisting of 10 mm coloured enamelled safety glass (ESG-H) with heat-soak test
- Exclusive and durable construction
- The glass material protects against vandalism due to its surface finish
- Locker body made of white HPL
- Customization allows perfect adaptation to structural conditions
- Waterproof construction
- Ideal for wet and dry areas
- Very easy to clean, easy to maintain and hygienic
- Colour selection of glass fronts according to RAL colour chart
- Motif prints optionally possible
- Innovative finger pinch protection
- Made in Germany

(2)

(3)

(1)

- Lockers on base tiled on site
- This also serves as a bench and storage space

(2)

- Lockers on on-site tiled base with freestanding benches

(3)

- Lockers on on-site tiled plinth with front bench made of wood

Customized-motif walls also enable unique partition designs and create themed concepts throughout the changing area. The motif is already printed onto the carrier plate during glass production. This gives the glass the same high surface quality as conventional screen-printing.

Type VITRUM GS

Motif prints on the cabinet doors are optionally possible. Logos can also be placed concisely in this way.

- Under-ride wardrobe made of glass (ESG-H)
- Enable easy operation even from a wheelchair
- Directly opposite changing cubicles
- Variable locker dimensions in width, depth and height
- Very easy adaptation to structural conditions
- Numbering can optionally be in braille
- The harmonious and uniform colour design ensures a pleasant room ambience

## Variants and versions type VITRUM GS

### Lockers

- Many different types of locker dividers
- Single or double locker
- Multiple locker
- Z lockers
- Helmet and safe deposit boxes
- Sizes and arrangements are individually adapted to the premises

### Staff cabinets as black and white lockers

- Available in different versions
- Centre partition in the locker separates street and work clothes, for example
- Centre partition also possible as a movable version

## Variants and versions type VITRUM GS

### Installation options

The installation options also depend entirely on the structural situations:

#### (a)

Installation on an aluminum subframe

#### (b)

Installation on a concrete base tiled on site

#### (c)

Installation on an aluminium subframe with an integrated pre-built bench

#### (d)

Installation on a concrete base tiled on site with an integrated pre-built bench

### Different types of locker tops

Sloping tops prevent bags or other objects from being placed on top of the lockers. An important criterion, especially in a hygiene area.

## Equipment and accessories type VITRUM GS

**(1)**

- Simple locker equipped with hat shelf, clothes rail and sliding double hooks
- Interior fittings can be varied according to customer requirements

(1)

(2)

(7)

**(2)**

- Shelf completely closed
- Practical solid core material
- Rounded body corners
- Sturdy and easy to clean

(3)

(4)
